Re: Detailed Narrative Statement – Eye Productions Inc. – “WALKER”

Dear Mr. Brandon,

Eye Productions Inc. explored several locations to produce its current series, WALKER, including both Austin and Dallas, Texas, New Mexico, and Georgia.

The incentives from both the State of Texas and the City of Austin enabled Eye Productions to produce the first season of this series in Austin, Texas, and they allow us to continue to produce the second season in Austin, Texas. If not for the incentives from both the State of Texas and the City of Austin, Eye Productions would have produced this series in another location where Eye Productions would receive the benefit of production incentives.

Sincerely,

A handwritten signature in black ink, appearing to read "R Brown", with a long horizontal flourish extending to the right.

Rebecca Brown  
Vice President, Production Finance
